Regulation Compliance

European Directive RoHS 2011/65/EU and (EU) 2015/863

We hereby inform you that all our **STORM TABS** Line items are produced with raw materials purchased in the European Union; our raw material suppliers confirm that they comply with the European RoHS Directive. Heavy metals such as Cadmium, Mercury, Lead and hexavalent Chromium, flame retardants PBB and PBDE, including pentabromodiphenyl ether (CAS-No. 32534-81-9), octabromodiphenyl ether (CAS-No. 32536-52-0) and decabromodiphenyl ether (CAS-No. 1163-19-5), PVC, DEHP, BBP, DBP, DIBP are not intentionally used in the production of the raw materials we purchase.

REACH Regulation

We hereby inform you that all our articles of the STORM TABS Line are produced with raw materials purchased in the European Union, for which our suppliers declare compliance with the guidelines of the REACH regulation Guidance (CE 1907/2006) and that do not contain intentionally added or relevant/known quantities of substances of the SVHC List (recent candidate list published by the Echa and updates; see <https://echa.europa.eu/it/candidate-list-table> as per art. 57 of above mentioned EC regulation). Should these substances be present, they would be within the limits of the law

MADE IN ITALY

Company

STORM TABS is a trademark **Aws dei F.lli Amodeo Snc**, that operates in the plastic molding sector since 1979, following also the design and construction of injection molds and that over the years has successfully developed a good experience in different fields of application. All our Glue Tabs for dent removers are produced in our factory in Abbiategrasso just outside Milan – Italy

The glue tabs for hot glue are suitable for removing or repairing dents on all bodywork parts.

These Glue Tabs were specifically developed at the request of dent removers for hail removal.

The working surface of the adhesive tabs has optimal adhesion.

The Glue Tabs STORM TABS are suitable for standard pull hammers/dent lifters.

Application for hail damage, parking damage, parking collisions, dents.

Technical Information

Glue Tabs Red Line
Surface: Rough
Material: Rubbery Plastics
Stem: Standard

Glue Tabs Blue Line
Surface: Spherical
Material: Hard Plastic
Stem: Standard

Glue Tabs Green Line
Surface: Smooth
Material: Hard Plastic
Stem: Standard / Dead Center

Glue Tabs Crystall Line
Surface: Smooth
Material: Hard Plastic
Stem: Standard / Dead Center

Glue Tabs Dead Center

STORM TABS - PDR Glue Tab "**Dead Center**" are especially made for use in the center of a sharp dent or crease.

The power ratio between the neck and the tab surface is designed to the max of the force.

STORM TABS

Paintless Dent Removal Tools

MADE IN ITALY

STORM TABS HEAVY DUTY RECTANGULAR CREASE TABS / OVAL

STORM TABS HeRectangle Smooth Crease PDR Glue Tabs

Exclusive Design, Designed for Maximum Pull.

Rectangular Smooth Crease PDR GlueTabs are designed to provide the best results in repairing dents without painting, and to pull the centre of creases, achieving an even finish.

The structure of the Storm Tabs Smooth Crease PDR GlueTabs is made of impact-resistant rigid plastic, with a steel pin connecting the head to the Glue Tab allowing maximum pull force to be transferred to the tab itself, reducing the elastic effect (force reduction) of the plastic stem.

Its smooth finish allows the glue to adhere for maximum pull.

The Storm Tabs Crease Tabs are compatible with standard hammers/lifters.

Application for hail damage, parking damage, parking collisions, dents.
